## WHAT? WHO IS THIS?

No matter what, if you get an unexpected phone call never give any personal information. Hang up the phone and do some research, and call the official phone number to inquire.

# SO, YOU ARE SAYING IT IS URGENT...

There is no time-bomb ticking! If your bank is calling you, they won't pressure you to do anything. Whatever it is, it can wait until you do some research and verify the authenticity of the request.

If you think you stumbled across an amazing deal online, remember if it is too good to be true, it probably is. Don't click on the link, signup, purchase, or share personal information.

# YES, WE ACCEPT GIFT CARDS
